DEAN OF CITY PRINTERS.

James T. Larkin Has Rounded Out Quarter of a Century.

(From North Adams, Mass. Transcript Sept 10,'02.)

James T. Larkin, publisher of the North Adams directory, completed with the ending of the day's work at 6 o'clock Tuesday a quarter of century of continuous experience in the printing business in this city. There is no other man in the harness for that length of time.

Recalling the fact for the benefit of one or two interested friends yesterday afternoon Mr. Larkin remembered very distinctly starting in on the morning of September 10, 1877, to serve his printer's apprenticeship in the Transcript office. The apprentice in those days was a "devil" and it is the belief of those who know him that no one shone more brightly in that position of inky glory than Mr. Larkin. "Jimmy" worked in the Transcript office for about nine years, and was foreman for the last two or three years and then in '86 he began business for himself.

When he started to publish the directory in '88 he was located in his present establishment at the head of Main street and has been there since. The fifteenth directory from Mr. Larkin's printing plant was issued this year. Besides being a printer Mr. Larkin has been a newspaper man and for a number of years was the local correspondont of the Springfield and Troy papers.

He has watched the city grow from the time when two local editors handled all the news to the present day when six reporters are required and has a keen insight of local affairs. The strenuous days of early papers and their makers are to him as an open book. His 25 years in the business in this city makes him the dean of local printerdom.

And still at the same old stand.

Evening Schools

Evening schools are held during the winter months in the Drury, Houghton and Greylock buildings; the sessions consisting of 40 evenings. In order to keep up the interest and to prevent the Christmas holidays from interfering with the attendance, a vacation of two weeks is granted, thus dividing up the session into two parts.

The course of study includes all the ordinary branches taught in day primary and grammar schools, as well as such branches of high school work as are most useful in ordinary walks of life.

The evening schools are under the same efficient supervision of Superintendent Hall, that is found in connection with our day schools. While the work done cannot compare in amount with that completed in the ordinary primary and grammar courses it proves sufficient in quality to be of the greatest aid to those who need, and who are compelled by law to attend the evening school.

Training School

See Mark Hopkins School.

Candidates for admission to any of the Normal schools must have attained the age of seventeen years complete, if young men, and sixteen years if young women, and must be free from disease or infirmity which would unfit them for the office of teacher. Their fitness for admission will be determined:—1, by their standing in a physical examination; 2, by their moral character; 3, by their high school record; 4, by a written examination; 5, by an oral examination.

Written Examinations.—The examinations will embrace papers on the following groups of subjects:

1. Language—(a) English, with its grammar and literature, (b) either Latin or French.

2. Mathematics—(a) the elements of algebra, and (b) the elements of plane geometry.

3. United States History—The history and civil government of Massachusetts and the United States, with related geography and so much of English history as is directly contributory to a knowledge of United States history.

4. Science—(a) Physiology and hygiene and (b and c) any two of the following: Physics, chemistry, physical geography, and botany, provided one of the two selected is either physics or chemistry.

5. Drawing and Music—(a) Elementary mechanical and freehand drawing, with any one of the topics,—form, color, and arrangement, and (b) music.

Oral Examination.—Each candidate shall be required to read aloud in the presence of the examiners. He will also be questioned orally either upon some of the foregoing subjects or upon other matters within his experience, in order that the examiners may gain some impression about his personal characteristics and his use of language, as well as give him an opportunity to furnish any evidence of qualification that might not otherwise become known to them.

Records of Scholarship.—The importance of a good record in the high school cannot be overestimated. Reasonable allowance in equivalents will be made in case a candidate, for satisfactory reasons has not taken a study named for examination. Successful experience in teaching is allowed to be taken into account in the determinations of equivalents in the entrance examinations.

Times of Examination.—Entrance examinations for candidates wishing to enter in September will be held:—The first examination on Thursday and Friday, June 23 and 24; the second examination on Tuesday and Wednesday, September 6 and 7. Preliminary examinations are allowed in June. Candidates are advised to present themselves at the first examination.

General Two Years' Course.—This course is designed primarily for those who aim to teach in public schools below the high school grade.

Three Years' Course.—This course includes the subjects of the two years' course and additional elective studies from the mathematics, science, language, art and psychology. This course will fit graduates for highest grammar grades and departmental teaching

Kindergarten Primary Course.—This course extends through a minimum of two years and includes such studies of the two years' course as immediately pertain to kindegarten work, instruction in the history and theory of kindergartens, and practice in teaching.

Special Course for Teachers.—Teachers of several years of successful experience in teaching, who give evidence of maturity, good scholarship, and of aptness to teach, may with the consent of the principal and of the board of visitors, select a course, including the course in psychology and pedagogy, and when such course is successfully completed they shall receive certificates for the same.

Tuition.—Tuition is free to all residents of Massachusetts. For others the tuition is fifty dollars a year. Text books and supplies are free as in the public schools. State aid to a limited extent may be granted to deserving persons, citizens of Massachusetts, after they have been in attendance for at least one term, provided they do not live in towns where normal schools are situated.

The Dormitory.—The dormitory provides accommodation for sixty students. Two students occupy one room. The rooms are furnished with the exception of bedding and towels. The price of board is $4 per week or $160 for the school year, payable in advance, in four payments, one every ten weeks, beginning with the opening of school in September.

SCHOOL ATTENDANCE.

Rule 41. No child ill with whooping cough, measles, purulent ophthalmia, chicken-pox, mumps or any other contagious disease is allowed to attend school, nor is any child allowed to attend school in the city while any member of the household to which such child belongs is ill with small-pox, diphtheria, scarlet fever, measles or membraneous croup during a period of two weeks after the death, recovery or removal of such person. The length of time must be certified to in writing by the Board of Health.

Rule 42. No pupil who by reason of the foregoing rule, has been debarred from school attendance, shall be readmitted to any school in the city without a written permit from the Board of Health. Such permit may be issued when the attending physician has certified in writing to the Board of Health that in his opinion the child may attend school without danger of communicating any contagious disease.

Early Symptoms of Measles, Scarlet Fever and Diphtheria.

The early symptoms of these disease may often be recognized by teachers in the schools and in any case a physician's opinion should at once be demanded when suspicion is aroused.

In the case of Measles the early symptoms would be as follows: some cough, suffusion of the eyes, running at the nose, feverishness and lassitude. The eruption generally occurs first about the forehead, neck and face, and is of a reddish color and of a circular or semi-circular form.

In Scarlet Fever; general lassitude, feverishness, headache, sore throat, vomiting, and a fine red eruption about the ears, neck and shoulders, are the first symptoms.

In Diphtheria: general symptoms resembling a cold, with some rise of pulse and temperature, sore throat, are first observed, and should arouse suspicion.

In fact any case of sore throat found in the schools, a physician's examination should most properly be asked.

These general facts if borne in mind might in some cases lead to the detection of a disease which would be a source of great danger to the school at large if allowed to progress until the child was actually sick enough to be obliged to stay out of school.

If the foregoing rules and regulations are carefully observed the closing of the public schoools for epidemic diseases will seldom, if ever, become necessary.

With the greatest of care it is often hard to say how soon a patient may with safety return to school after once having been sick of contagious disease, and it becomes all the more necessary that the judgment in such cases should not rest with too many, but should come from the Board of Health alone.

After any child has once been debarred from school attendance it shall not be readmitted until it shall have first presented the teacher with a certificate. This certificate will in all cases be issued by the Board of Health and should alone be recognized.

Rule 43. The Principal of any school upon the receipt of information satisfactory to him that any pupil attending school under his charge has visited a household where at the time of such visit, small-pox, diphtheria, membraneous croup, measles or scarlet fever existed, is authorized to suspend such pupil for a period of two weeks next following such visit.

Rule 44. When children are absent from school on account of illness, and whenever the Principal has reason to suspect the existence of contagious disease in any household, he is authorized to exclude pupils from school until the case may be properly investigated. The teachers are required to exercise caution in

sending pupils to the houses of absent pupils to ascertain the reason for such absence, specially forbidding them to enter the house to which they are sent. Pupils are not permitted to be sent where contagious diseases are believed to exist in the household of absent pupils.

Rule 45. The body of any person dying, who has previously and within twenty-four days from date of death been reported by the attending physician to the Board of Health, as having had cholera, small-pox, diphtheria, membraneous croup or diphtheretic croup or scarlet fever, shall within tweny-four hours, be interred.

Rule 46. Whenever quarantine has been established by the Board of Health upon or in any house within said city in which any contagious or infectious disease exists, by a placard affixed to such house, such quarantine and all the provisions thereof shall be maintained until the recovery or death of the person or persons affected with such disease has been reported to said Board, and until the said house has been thoroughly disinfected and such placard removed by said Board.

Rule 47. Two weeks after the disinfection of any such house so quarantined has been released by the Board of Health of said city, a written permit shall be issued by said Board authorizing the return and re-admission to school of any child or children resident in such house; provided that no other case of contagious or infectious disease sall have appeared in such house in the meantime.

Rule 48. In excluding pupils from any house in which small-pox, scarlet fever, measles, diphtheria and membraneous croup exists, two or more buildings must be considered as one house if there is any direct communication between them; or if it is possible to enter or leave the two residences by means of the same hall, stairway or door.

Rule 49. If it comes to the teacher's knowledge that any pupil visits the house infected or attends the funeral of any person dying of those diseases, such pupil must be excluded at once and the case referred in writing to the Board of Health.

Rule 50. Teachers in the public schools are directed to follow the letter and intent of these rules and refer all questions that may arise to the Board of Health. Superintendents and officers of Sunday schools are requested to comply with these regulations as far as practicable.

DEATHS, BURIALS, CEMETERIES, ETC.

To Find a Name

You must know how to spell it. It is not uncommon for members of the same family to spell their names differently, preserving the pronunciation. A few instances as follows: Brown, Browne; Cain, Kain, Kane; Cavanaugh, Cavanough, Kavanough; Chase, Chace; Cohen, Cohn, Kohn; Kelley, Kelly; Kenney, Kenny, Kinney; Miller, Mueller, Miehler; Paine, Payne; Read, Reed, Reid; Rider, Ryder; Hines, Hynes; and especially the French names.

Directories are arranged and printed in exact alphabetical order. If the examiner knows the way the name is spelled and follows out the order of the alphabet, he will save time and vexation of spirit.

The North Adams Transcript.

THE NEWS

A Member of the Associated Press

The Transcript is the only North Adams paper which exclusively receives the Associated Press dispatches by telegraph and is able to give the world's latest news 17 hours before the metropolitan dailies reach this city.

Repertorial Staff

The Transcript employs a larger force of news gatherers and pays more money to get news than any other paper, and as a consequence has a superior city service. It frequently gives in full, important news 24 hours in advance of other local papers.

All the people of North Adams, Adams, and Williamstown can be reached by the use of one paper—that is the best one—The Transcript.

Advertising space in the Transcript costs more per inch, but less per 1,000 bona fide circulation than any other newspaper in Berkshire County.

The sworn daily average number of complete copies of the Transcript printed for the three months ending April 30, 1904, was **5,737**. To Find a Name

You must know how to spell it. It is not uncommon for members of the same family to spell their names differently, preserving the pronunciation. A few instances as follows: Brown, Browne; Cain, Kain, Kane; Cavanaugh, Cavanough, Kavanough; Chase, Chace; Cohen, Cohn, Kohn; Kelley, Kelly; Kenney, Kenny, Kinney; Miller, Mueller, Miehler; Paine, Payne; Read, Reed, Reid; Rider, Ryder; Hines, Hynes; and especially the French names.

Directories are arranged and printed in exact alphabetical order. If the examiner knows the way the name is spelled and follows out the order of the alphabet, he will save time and vexation of spirit.

THIS BOOK IS SECRETELY NUMBERED !

And should it be LOST or STOLEN please report to us immediately, as we have a record of the number and will advertise for and use every effort possible to recover same. We will gladly assist in prosecuting the party or parties purloining it from the rightful owner.

To Find a Name

You must know how to spell it. It is not uncommon for members of the same family to spell their names differently, preserving the pronunciation. A few instances as follows: Brown, Browne; Cain, Kain, Kane; Cavanaugh, Cavanough, Kavanough; Chase, Chace; Cohen, Cohn, Kohn; Kelley, Kelly; Kenney, Kenny, Kinney; Miller, Mueller, Miehler; Paine, Payne; Read, Reed, Reid; Rider, Ryder; Hines, Hynes; and especially the French names.

Directories are arranged and printed in exact alphabetical order. If the examiner knows the way the name is spelled and follows out the order of the alphabet, he will save time and vexation of spirit.

WARNING . .

The Public is cautioned against the fradulent Directory concerns that are now operating throughout the country, collecting on forged or raised orders for advertising and headings in "Directories," "Trade Registers," "Buyers' Guides" or "Commercial Lists" that have no circulation whatever beyond the copies carried by canvassers or collectors. Pay no money in advance and give orders only to well-known publishers.
